The Quantum Output	What It Means in Real Life
Value-Share	Don't charge the bank by the hour. Charge a base fee plus a cut of the $100M they save using our AI.
Discount-8pct-Floor	Give the procurement officer an **8% discount** so he feels like he won, but **never give 15%** (which would destroy firm profit).
GenAI-Accelerated	Use our proprietary pre-built AI accelerators so our engineers finish the work **22% cheaper** than expected.
Mission-Critical-99.99-SLA	Guarantee that the core banking software will never go down, and charge the bank a **+25% premium fee** for that peace of mind.
